

Setup Engineer/Programmer

We're Hiring!

We are looking for a motivated individual to work in our Output Solutions department. This full-time position offers a competitive salary, opportunity for growth in an expanding company, and an extensive benefit package including a 401k plan.

This position also involves dealing directly with clients and producing quality results consistently in a high volume production process.

Requirements

Education: Associate's Degree or equivalent career experience

Experience: Proficient with Visual Basic, FoxPro, Java and database processing

About Us

Etactics was established in June of 1999. Our software company was originally formed to provide Revenue Cycle Management services to healthcare providers.

Today, Etactics serves over 4,000 clients to provide innovative solutions that optimize the accuracy of sensitive documents, increase overall business intelligence, and implement sound compliance policies. Etactics' purpose is to facilitate our clients business and act as a single connection point to all payers.
